**Parc Fermé prior to start**

Parc Fermé prior to the start of the event will be at the headquarters of ON.

It will open at 22:30 on Thursday 22-Aug-2019.

The Parc Fermé will close at midnight (00:00) on Thursday 22-Aug-2019, prior to which time all cars wanting to start the event must have arrived.

The Time Control for Parc Fermé prior to the start of the event is at:

GPS: 64° 7' 18.5"N 21° 48' 0.09"W

Cars will be escorted from the TC to Parc Fermé by a marshal

## Start of the event

The event will formally start at 07:00 from the exit of the upper car park at ON headquarters. Please refer to the picture. The GPS coordinates for the ON headquarters are 64° 7.219'N, 21° 48.074'W.

The ceremonial start will be at the start of section 2, leg 2.

## Early arrival into time controls

Competitors are allowed to arrive early without penalties into the time controls at the end of all legs.

## Units of Measure

The decimal separator used in this roadbook is a **decimal point**.

Throughout this roadbook the units of measure for distance and speed are km and km/h respectively. This especially applies to the distance columns **TOTAL**, **PARTIAL** and **TO GO** which are all in km.

The average speed is indicated in the **DIRECTION** column by a figure in a circle, as the example to the right shows.

The average speed applies until the next such sign in the DIRECTION column or the end of the regularity.

| Section / Leg | RS-1: Miðdalur / Kjós |         |  | Distance (km)  | Av speed (km/h) | Time (hh:mm) | Page  |

| #             | TOTAL                 | PARTIAL | DIRECTION  | INFORMATION  |                 |              | TO GO |
| 28            | 9.78                  | 0.44    | <br> | <br> |                 |              | 27.33 |
|               |                       |         |   |  |                 |              |       |

The units of measure for

GPS coordinates in the roadbook are degrees with minutes in decimal notation. The longitude and latitude designation of N and W are after each figure.

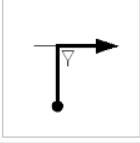

Example:

64° 16.514'N  
19° 40.395'W

## Road book measurements

Measurements for the roadbook were done to three decimal places. The roadbook shows these rounded to two decimal places. Thus you may get **PARTIAL** calculations which seem 0.01 out.

The below example uses the figures 9.535 and 10.202 to show this:

| # | TOTAL | PARTIAL | DIRECTION   | INFORMATION        | TO GO |
|---|-------|---------|---|--------------------|-------|
| 1 | 9.54  | 0.00    |  | Merge with traffic | 12.83 |
| 2 | 10.20 | 0.67    |  | Give               | 12.16 |

## Location of official measured distances

The above image shows the location of both the offical measured distances. The red one is the offical measured 2002m and the green one is the ~5km one.

In the bottom right hand corner of the image is the marking that has been fixed to poles at the start and end of the distances.

## Official Measured Kilometre

The Icelandic Road and Coastal Administration has set out a distance which they maintain. The distance is 2002m and is situated on road #35, the road to Þingvellir.

To better see these, a timber pole has been placed beside the road to indicate the start and finish of the measured distance.

When using this place to set your trip, please do the measurement from east to west

The picture to the right shows the western end of the measured 2002m.

The armco is on the northern side of the road.

The GPS coordinates are:

64° 10.813N

21° 38.628W

The picture to the right shows the eastern end of the measured 2002m.

The picture is taken in the same direction as the one at the start.

The GPS coordinates are:

64° 10.849N

21° 36.158W

## Measured ~5km

The organisers have marked out 5039m with the same trip meter used for making the roadbook. This was done on road #42 to Krýsuvík.

The start and end points use yellow poles which are beside the road.

The measurement was done driving from Reykjavik towards Krýsuvík.

The picture to the right shows the northern end of the measured distance.

The GPS coordinates for the yellow pole are:

64° 02.235N  
21° 58.700W

The picture to the right shows the southern end of the measured distance.

The GPS coordinates for the yellow pole are:

63° 59.800N  
21° 56.746W

Please follow marshals instructions and arrows to go to the Parc Fermé and the charging area.

Please note that Hydrogen powered cars will be escorted to the filling station by marshalls under the supervision of the scrutineers. After filling they will be escorted back to ON Headquarters and Parc Fermé.

The red line shows the route along the car park at ON Headquarters.

---

The cars will be charged for 4:30 in order to get energy figures for the consumption leg.

The first car will start section 2, leg 2 as defined in the timeschedule.

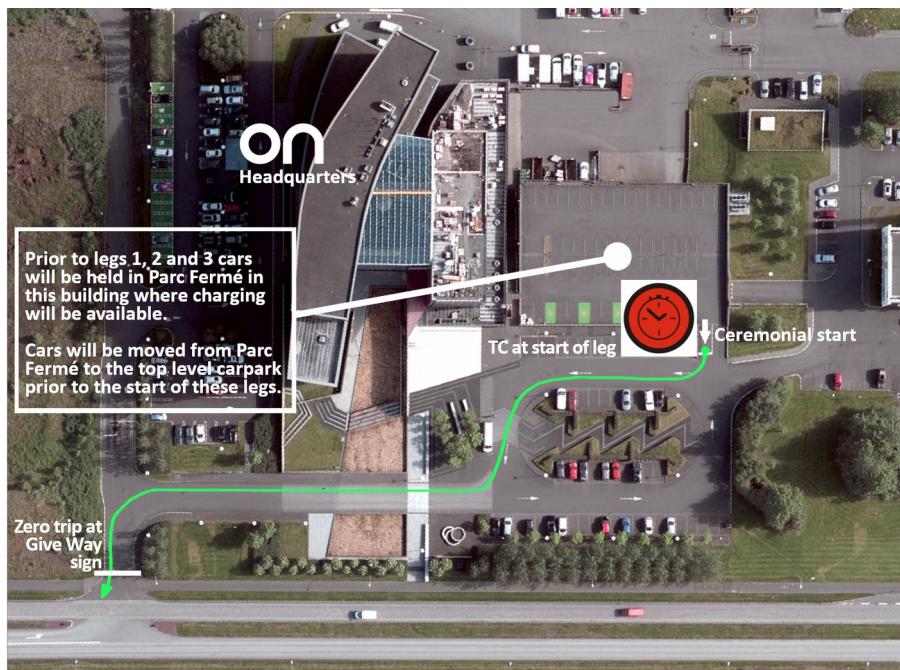

---

Parc Fermé opens 15 minutes prior to departure.

The area reserved for charging at Hellisheiðarvirkjun is inside a security area. Please follow the instructions of marshals and the power station staff.

Please note that when exiting the charge area competitors should make their way to the entry / exit to the car park for the Geothermal Exhibition before zeroing the trip (see above picture).

The first car will start section 3, leg 5 as defined in the timeschedule with Parc Fermé opening 15 minutes prior to departure

## Congratulations !!

Congratulations in finishing the event. The organisers sincerely hope you have had a good time, enjoyed the roads and the countryside and above all enjoyed the company of each other.

Everyone, competitors, staff, organisers, friends and family alike should make their way to the cars and mingle for a *family* photo.
